

PATIENT SAFETY

Guidelines for Outpatient Medical Clinics are now requiring UL1069 Listed Code Blue Signaling for Day Surgery and Pre-Op/Post-Op Patient Care

**Procedure Rooms and Outpatient Surgery communication has been overlooked for too long.
Tech Works is the answer for scalable Nurse Call solutions**

- **Staff Assist with Code Blue**
- **Reach other staff immediately for assistance**
- **Adjust the technology to the needs of your facility**
- **Select preferred notification and call methods**
- **Meet compliance and code requirements**
